

THE REPUBLICAN CAMPAIGN.

PROSPECTS IN MASSACHUSETTS.
THE CONGRESSIONAL OUTLOOK—MR. LOVERING
AND PROFESSOR SEELEY'S POSITION.
BY TELEGRAPH TO THE TRIBUNE.

BOSTON, Sept. 13.—The political interest in Boston and the vicinity, at present, seems to be more nearly centred in the congressional districts, owing to the confidence felt in a large Republican majority for the State and National tickets. In the 11th District, chairman Lodge is developing unexpected strength and this fact, taken in connection with the disintegrating forces at work in the ranks of Mr. Lovering's supporters, is causing Mr. Lodge's friends to raise their claims from the 1,000 majority which was hoped for, a month ago, to 2,300, or 3,000, and even higher. There is no probability, by the way, of Mr. Lodge's giving up his work in the State Committee. General Gresham will take the stump in Ohio and Indiana in a few days.

A delegation from a large manufacturing establishment called at the headquarters and announced that they had formed a Blaine and Logan club of 600 members. There are 685 men employed in the factory, and 600 of them will support Blaine.

Letters from the West and Northwest say that the Scandinavians are enthusiastic for Blaine and will loudly support the ticket. At a meeting in Chicago one thousand Scandinavians "indorsed" Blaine and Logan in the following resolution: "Resolved, that we pledge to the Republican party and its worthy standard bearers our loyal and enthusiastic support, and that we here pledge ourselves to work hard now until the close of the polls election day in every honorable way to encourage and promote the success of the Republican party and its candidates, State and National, and thereby help to achieve a grand victory for morality, protection and civil, religious and political liberty."

A great many letters from leading Scandinavians, some of them inclosing money, have been received. Ex-Congressman Lovett has written from Chicago. The Democrats will make a determined effort to carry Michigan, but they will be met at every point and defeated. Fusion will be of no avail. The Republicans are going into the fight to win. Michigan has been longing for Blaine for years and she will not fail to give him her electoral vote.

General Garfield is among the callers. He has recently travelled through the West and Northwest, and has moved in political circles, in the States which he visited: "I find no Independents in the West," he said, "and I may say that they are pretty difficult to find here in the East except in some of the newspapers. In Minnesota and Iowa there is no organized party, and the Republican majority will be correspondingly large. In Iowa the opposition will be just enough importance thoroughly to arouse the Republicans, and to bring out a full vote. The fusion in Iowa is not satisfactory. The Greenbackers think they have the worst of the bargain, and they are not likely to consider it binding. I think the Democratic minority will be easily carried off by the fusion, if indeed it is adopted at all. I looked over the situation thoroughly in Ohio. I made a speech at Youngstown, in Garfield's old district. Mr. Blaine is a popular figure in one particular; that no active campaign work is to be looked for in that quarter. One story is current the effect that since the Prohibition convention Professor Seeley has decided to a friend his intention of voting for Governor Robinson, who is a "good enough candidate for him," and has denied that he is in any sense himself a candidate for the office. A prominent Prohibitionist to-day says that President Seward had promised the college corporation not to engage in politics, and consequently cannot seek a nomination of any kind, or do political work if nominated. He has no popularity can come from an un sucht nomination, and if people choose to vote for him, he does not feel called upon to object.

BLAINE AND LOGAN STOCK AT THE TOP.

"The week closed," says *The Tribune*, "with Blaine and Logan stock at the top of the political market, and even Democrats of the well-informed and candid order are freely admitting in private conversations that they have no hope of success in this campaign." A prominent Boston dealer in metals, but an intelligent student of the political situation and an ardent friend of Mr. Blaine, said yesterday that the Lynn candidate will be "snatched out" within a few days, and counselled to come out square either for Cleveland and free trade, or Butler and protection. The Prohibitionists are still discussing Professor Seeley's attitude toward the third party's nomination, and the question is whether he is likely to render in the campaign with the People's party managers have been in consultation with Mr. Lovering recently, and have received assurances so convincing of his devotion to Butler's interests that they are satisfied and will not nominate another man in that district. It is probable that the Lynn candidate will be "snatched out" within a few days, and counselled to come out square either for Cleveland and free trade, or Butler and protection.

Mr. Blaine, writes from Danville, N. Y., that a vote for President Lincoln was taken on an excursion train to Niagara Falls, filled with persons from Livingston and St. Albans, comprising farmers, mechanics and German citizens. The result was: Blaine, 155; Cleveland, 110; St. John, 25; Butler, 31; Blair, 1.

The XVIIIth Annual District Republican Association celebrated the good news from Vernon and Maine by a reception in its rooms, No. 223 Tabularay, on Friday evening. James Dally acted as master of ceremonies. Music was furnished by Professor Eyrer and Andrew Carlson. William H. Whidom made a rousing speech. Sober and logical, he spoke of the importance of the ballot and the responsibility of each voter. It is the undoubted opinion of the speakers that Blaine will support Mr. Blaine, and that he will be a good candidate for him.

Colonel Casius M. Goodwin, of Keene, gave a short, large Republican meeting at Manchester on Thursday night.

Muskegon County proclaims an independent Republican majority in October.

SPRINGFIELD, Ohio, Sept. 13.—James G. Blaine will reach Newark, Ohio, at the Lake Shore road on Thursday, September 25. He will make his first appearance at Youngstown, near the Pennsylvania line, on Friday evening. James Dally acted as master of ceremonies. Music was furnished by Professor Eyrer and Andrew Carlson. William H. Whidom made a short speech. Sober and logical, he spoke of the importance of the ballot and the responsibility of each voter.
